

SPECIAL REPORT!

April 2008

Great opportunity to purchase a building for a New Church Planting Ministry Center and Church Facilities!

We have been praying for several years for a New Church Planting Ministry Center and Church Facilities in the Greater Buenos Aires area. We have seen many properties over the last several years and we believe we have found the place! It was a former parking garage downstairs and has a apartment above that. It will give us the possibility of an auditorium for 200 persons, bathroom facilities and office on the first floor and classes, study center, offices and limited housing on the second floor. We are so excited about this possibility, but we need your help.

Your HELP is NEEDED!

We have made a deposit on the building and hope to sign the final documents in the next several months. The total cost is \$125,000. This is a great deal. Prices have increased greatly over the last several years. We need your help NOW!! You have been so faithful in your prayers and support over the last 20 years of our ministry in Argentina.

Would you consider a gift of \$125, \$1250, \$2500, \$5000, \$7,500, \$10,000 to help us see this become a reality?

Please use the enclosed envelope to help with this need.

We need the remaining \$120,000 for the property by May 22nd

Thanks so much for standing with us for 20 years of planting churches in Argentina.

With thanks,
Rocco and Ellen DiTrollo
