Dear Friends,

### Back in Argentina

We arrived back in Argentina on August 2nd after our time of stateside assignment. We are happy to be back and settled in our home. The Lord has been so faithful in the adjustment and especially with Christopher getting back into life in Argentina. It is definitely different without Stephen, but we were so grateful that we could be in the states for his first year of college. He is doing well. He was selected to represent his college with several other students at an Ethics Conference at West Point Military Academy recently. It was a great honor for him. He has also been approved to study his next semester at Continental Theological Seminary in Brussels, Belgium. He is excited about this opportunity. Ellen is developing a Family Care ministry for the VEN new church planting pastors. She also is leading a Bible study and prayer meeting with 5 Argentine women.

## Church Planting Class for PIET at IBM

It was a pleasure to teach the class on Church Planting at the Intensive Classes for PIET at IBM in August. There were 16 students and a lot of interest in Church planting which is exciting to see. We are believing God to rise up an army of Church Planters to help meet the need of the many untouched cities throughout Argentina.

## August - Pastor's Marriage Retreat

We had a very successful marriage retreat with our Pioneer pastors. Nino Gonzalez, Pastor of Templo Calvario in Orlando, FL was an excellent speaker. He ministered to the hearts of the pastors. The time also included a love letter to their spouses and a candle light dinner. It was a great addition. Thanks for the touch of a woman! We are thankful for those that were ministered to during this time. Our prayer is next year will be even better.

Pastor's Marriage Retreat

## September - VEN Tour through Argentina

The Church Planting Tour sponsored by VEN was a wonderful blessing. Many pastors were encouraged to help with new church planting. The desire to see the need for planting churches is starting to grow and many are responding. We still have a long way to go, but the Lord has been faithful each step of the way. Thanks for helping us to pray for the VISION 2010 focus for 384 new churches planted throughout Argentina. We are on the mark so far, but need God to raise up many more workers. If we are going to reach Argentina we must plant churches!

Yours for the Harvest in Argentina,  
Rocco and Ellen DiTrollo

## Seminar for Worship Leaders and Children Workers

In September, several of the churches we have been involved in planting hosted a day Ministry Seminar to help our church leaders serve as worship and Children workers. There were almost a 100 that attended. We were so thankful for the helpful ministry to the churches.
